QUEENSTOWN • NEW ZEALAND

GLENORCHY EXPERIENCE

EXPERIENCE THE LOVELY DART RIVER COMBINED WITH MILFORD SOUND
A HALF DAY HIKE OR BE A GUEST ON A WORKING FARM

Why drive all the way to Glenorchy and back again for the jet boat ride?

Glenorchy and the Dart River never disappoint, but to maximise the enjoyment of the day combine a scenic and exciting jet boat ride with either a morning at one of Glenorchy's farms or a flight to Milford Sound. These combinations result in a full day out, making maximum use of travelling times.

Dart River and Farm Tour

An experienced Otago farmer will drive you to Glenorchy by Landrover while giving you a commentary on seasonal farm activities.

He'll take you on an exclusive tour of Mount Earnslaw Station, viewing farm livestock operations - Angus cattle, Perendale sheep, and Red deer are farmed on the extensive flatlands between the station's rivers and lakes. Take a stroll up Mt Alfred for a sweeping view of Diamond Lake and see the black swans and paradise ducks on Lake Reid.

Have lunch in the Glenorchy pub before boarding the jet boat for a 70km trip on the Dart River.

Dart River and Milford Sound

Alternatively see both sides of the wilderness by flying first to stunning Milford Sound where you'll get up close to the towering Mitre Peak by taking a cruise around the sound. Then fly back to Glenorchy in time for lunch before joining the jet boat.

The Dart Wilderness jet boat penetrates deep into the wilderness, you can leave the boat to take a guided walk or just sit and listen to the native birds. With Dart Wilderness you'll take the boat both up the river and back down to Glenorchy giving a different perspective on the scenery and avoiding a bus trip one way.

After your trip up the Dart River you'll be driven back to the lodge in time to relax before dinner.

Dart River and Guided walk

Combine the Dart River jet boat with a guided walk from China Man's Bluff into the Dart Rees wilderness. Your knowledgeable guide will explain the history and Maori culture of the area as well as the local flora and fauna
